Recommended Resources for the Top-Ten IT Issues

The following list provides recommended resources, produced in 2008–2009, for each of the top-ten IT issues identified by the 2009 EDUCAUSE Current Issues Survey. For the complete survey and additional information, see the 2009 Survey Resources web page (http://www.educause.edu/2009IssuesResources).

All of the resources listed here can be found in the EDUCAUSE Resource Center (http://www.educause.edu/resources).
